Take Note

The regional structure that our conference has been functioning under in the last several years has revealed some areas of need and some changes may possibly need to be made. A committee of 8 people have been selected from the members of the General council and have been given the mandate to examine the EMMC structure review that was done last fall and to come up with some recommendations to present at the conference sessions in Steinbach in May.

*The committee met this weekend in the Saskatoon Southerland Evangelical Church. Much preparation work has already gone into this and the responsibility and meetings are intense. Please pray for wisdom, guidance, unity and safe travels as they continue to seek God's will for these changes. **Lawrence Klassen is our "Go Mission" representative and is serving on this committee.***
