

Winkler EMMC – From Everywhere to Bethlehem (Dec. 4-6)

The Winkler EMMC will again hosting FETB (From everywhere to Bethlehem), but with some significant changes to how they present the story. Given the current provincial pandemic response level we are very aware that presenting the story as we have in the past is not feasible.

We are going to try a drive through approach using 7 standalone venues spaced along the current camping drive loop of the park. We also hope to have a Gideon venue near the end to provide literature for the guests. People will still enter through the normal gate, but they will now drive through the site stopping at each venue where we hope to have a kind of FM band receiver system play an audio track cued for each venue.

Actors will not need to speak as audio tracks are being recorded. What the actors will need to do is simply mime the audio track for their venue.

We hope to still serve cookies and hot chocolate to guests, although we are going to make some significant changes to how we do this as well.

As such we will still need a host of people to help make this ministry possible. Would you please make your congregation's aware of the ongoing FETB ministry by placing a bulletin announcement to alert your members to the needs that are remain outstanding? Attached is a FETB needs list.

Should your congregation members need more info please contact Lois Hildebrand @ 204.325.4115.
