

Welcome to
Glencross Mennonite Church
We are glad you are here!
March 22, 2026

Two are better than one,
because they have a good
return for their labor:

If either of them falls down, one can
help the other up.

But pity anyone who falls and has no one to help them up.

Also, if two lie down together, they will keep warm. But how
can one keep warm alone?

Though one may be overpowered, two can defend
themselves.

A cord of three strands is not quickly broken.
